

The Faslane Files Volume One

As recognized, adventure as well as experience not quite lesson, amusement, as well as bargain can be gotten by just checking out a books **The Faslane Files Volume One** with it is not directly done, you could assume even more just about this life, around the world.

We present you this proper as without difficulty as simple pretentiousness to get those all. We find the money for The Faslane Files Volume One and numerous books collections from fictions to scientific research in any way. among them is this The Faslane Files Volume One that can be your partner.

[The Faslane Files: Volume Two](#) - Harry Dayle
2015-05-15

Underground, power is everything. Light, heat, water, even air - the elements of life all depend on electricity. For the colony buried far beneath a remote patch of Scotland, an endless supply is essential. So when the power runs out, the race is on to find more...fast! Faslane's fledgling

community of survivors has made fantastic progress in its quest to create an autonomous settlement. Now the inhabitants of the former navy base must confront a new challenge as power shortages threaten to derail their bid to keep mankind alive. Elis Howe has an idea, but it means going outside — further into the toxic exterior than they've ever been before. Two

teams set off on a co-ordinated expedition. But do they have what it takes to confront the perilous conditions and a poisonous ash that has not yet given up all its secrets? Faslane Files Volume Two continues the exciting new series set in the world of Noah's Ark. The Faslane Files Series: Volume One Volume Two Volume Three Noah's Ark Series: 1. Survivors 2. Contagion 3. Encounters 4. Voyage 5. Destination People who enjoy this book often search for: apocalypse, apocalyptic, post-apocalyptic, sci-fi, science fiction, end of the world, underground, bunker, secret, action adventure, thriller, series, serial, saga, books about the apocalypse, last survivors, last humans, end of days

The Faslane Files: Volume One - Harry Dayle
2014-12-15

Deep beneath the bank of a Scottish loch, one hundred men, women and children are beginning a new life. An outpost for the remnants of humanity, their mission is simple: to survive in a world rendered uninhabitable by a

giant asteroid. Safe from the poisoned world above, they begin their task with vigour. But they are blissfully unaware of the terrifying danger that lurks below. Six weeks after the world ended, the survivors aboard cruise ship Spirit of Arcadia have installed a small contingent of skilled individuals and families in a Royal Navy bunker. More than just a backup plan for the human race, these volunteers must realise an essential goal. They are to find a way to provide food and fuel for themselves, and for the three thousand other survivors who will one day return in the ship. Brimming with hope and enthusiasm, the new community is raring to make a start. But their new home is not all it seems, and beneath them, a terrible danger is awakening. The Faslane Files Volume One is the first in an exciting new trilogy set in the world of Noah's Ark. The Noah's Ark series currently comprises the following books: 1. Survivors 2. Contagion 3. Encounters 4. Voyage 5. Destination

Peak Water - Alexander Bell 2013-07-22

Civilisation is thirsty... it never stopped to think what would happen if the water ran out.

ALEXANDER BELL Peak water is the point when the available water is not enough to meet the demands of the world's growing population. We might live on a watery world, but we are exhausting accessible supplies. Many parts of the world are already facing this crisis, and not only in the developing world. Some of the places experiencing 'peak water' are in the USA, Europe and the UK. Even the wettest lands will be engulfed in the global catastrophe that looms. This is the issue of our age. REVIEWS: What makes Peak Water interesting is the way it weaves such laconic personal predictions with a wealth of history, anecdote and analysis, all focussing on the vital role of water in the rise and fall of civilisations... [Bell's] aim is to provoke thought, to stir discussion amongst lay observers - and in that he certainly succeeds. SCOTTISH REVIEW OF BOOKS How we built

civilization on water and drained the world dry is the subject of Alexander Bell's recent book, Peak Water. Bell delves deeply into the roots of modern civilisation, beginning just before the settlement of the first cities... There have been many books in recent years recounting the trouble we are in when it comes to water, but few that examine how we arrived at this point. Bell does just that... THE ECOLOGIST. BACK COVER: This tale flows from the moment a ditch was dug in old Iraq, to the way our modern cities work. It links the hanging gardens of Babylon to the first water supply for Los Angeles, the ancient myth of the Nile to swimming pools in the desert. Our world has been built around the control of water. We are fed by irrigated fields, live in plumbed cities, and turn on a tap without a moment's thought. Yet experts now believe that the next major war may be fought over water, and it will have life-altering consequences for every part of the world, wet or dry. Writer Alexander Bell discusses the way our civilisation

moved from hunter gathering to the urban one we know today, and the influence that water had on this journey. He shows how water control flows through politics, religion, farming and the idea of the modern state. Yet history is littered with empires that have failed and vanished into dust, and Bell argues that we might face a similar fate unless we learn to manage our water better.

iOS 11 Swift Programming Cookbook -

Vandad Nahavandipoor 2017-12-06

iOS 11, Swift 4, and Xcode 9 provide many new APIs for iOS developers. With this cookbook, you'll learn more than 170 proven solutions for tackling the latest features in iOS 11 and watchOS 4, including new ways to use Swift and Xcode to make your day-to-day app development life easier. This collection of code-rich recipes also gets you up to speed on continuous delivery and continuous integration systems. Ideal for intermediate and advanced iOS developers looking to work with the newest version of iOS,

these recipes include reusable code on GitHub, so you can put them to work in your project right away. Among the topics covered in this book: New features in Swift 4 and Xcode 9 Tools for continuous delivery and continuous integration Snapshot testing and test automation Creating document-based applications Updated Map view and Core Location features iOS 11's Security and Password Autofill Data storage with Apple's Core Data Creating lively user interfaces with UI Dynamics Building iMessage applications and sticker packages Integrating Siri into your apps with Siri Kit Creating fascinating apps for Apple Watch

The Dreamshifters - Harry Dayle 2014-07-10

Dreamshifter Jessica Kayne has come to terms with her unusual abilities by vowing never to interfere in other people's lives again. Yet when events at home take a strange turn, one that can only be explained by interference from another dimension, she is left with no choice. She must use her gift to investigate other parallels, and

the shady characters who inhabit them. What she discovers is a conspiracy on a scale she could never have dreamed of. In this gripping final instalment of the Dreamshifters trilogy, Jessica's power is tested to the very limit, as she battles to save the people she loves most from a hidden evil.

[The Faslane Files: Trilogy Box Set](#) - Harry Dayle
2016-09-27

The full Faslane Files trilogy, now available as a box set. Deep beneath the bank of a Scottish loch, one hundred men, women and children are beginning a new life. An outpost for the remnants of humanity, their mission is simple: to survive in a world rendered uninhabitable by a giant asteroid. This box set comprises the complete trilogy, three full volumes of claustrophobic drama, action, and suspense. It includes the following books (the entire Faslane Files series): Volume One Six weeks after the world ended, the survivors from the cruise ship Spirit of Arcadia have installed a small

contingent of skilled individuals and families in a Royal Navy bunker. More than just a backup plan for the human race, these volunteers must realise an essential goal. They are to find a way to provide food and fuel for themselves, and for the three thousand other survivors who will one day return in the ship. Brimming with hope and enthusiasm, the new community is raring to make a start. But their new home is not all it seems, and beneath them, a terrible danger is awakening. Volume Two Underground, power is everything. Light, heat, water, even air - the elements of life all depend on electricity. For the colony buried far beneath a remote patch of Scotland, an endless supply is essential. So when the power runs out, the race is on to find more...fast! Volume Three As the Faslane community of end-of-the-world survivors enters its third month, thoughts and hopes turn towards the return of the questing fleet. But the base-dwellers' trials are not over yet. A new enemy emerges from within, threatening to

destroy everything they have worked for.

Noah's Ark: Encounters - Harry Dayle

2014-08-04

In the two months since the world ended, the survivors aboard the Spirit of Arcadia have endured more than their fair share of challenges. Dwindling supplies, a deadly virus, and of course, the terrible toxic ash that has rendered all land uninhabitable. Now, finally, there is reason for hope when a strange signal shows up on the radar. Could it be that others have survived too? Might it shed light on the mysterious discoveries the Arcadia has made on her journey south? Or is the signal something altogether more sinister? Captain Jake Noah and his crew have some tough decisions to make on behalf of the community. Decisions that lead to quite unexpected consequences. Decisions that could shape their entire future. Encounters is the explosive and action-packed third novel in the thrilling Noah's Ark series. Keywords: apocalypse, apocalyptic, post-apocalyptic, sci-fi,

science fiction, end of the world, sea stories, sea adventures, cruise ship, action adventure, thriller, series, serial, saga, books about the apocalypse, last survivors, last humans, end of days

Worldwide Webb - Harry Dayle 2018-01-11

Gone to Sea in a Bucket - David Black
2015-11-01

Like all young men of a certain age, Harry Gilmour had his own notion of how a naval battle should be. This wasn't it. Norway, 1940: Sub Lieutenant Harry Gilmour's first encounter with battleship action is not the adventure he had hoped for. Faced with a thankless task and ill equipped to handle it, Gilmour's inexperience leads to a damning allegation. His future hangs in the balance. But then Lieutenant Peter Dumaresq steps in to offer him a lifeline--an advanced navigation course that will take him aboard a crack submarine, HMS Pelorus, under the command of a Royal Navy hero. Faced with a

possible court martial, Harry chooses life underwater. Once aboard, however, Harry is confronted for the first time by the full horror of submarine warfare. If he can just overcome his fears, it will be the making of him. Because survival itself is the challenge now. For Harry and the rest of the crew, the next depth charge could be the one that sinks them.

Ethics for the Information Age - Michael Jay Quinn 2006

Widely praised for its balanced treatment of computer ethics, *Ethics for the Information Age* offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

A People's History of Scotland - Chris Bambery 2014-06-17

A People's History of Scotland looks beyond the

kings and queens, the battles and bloody defeats of the past. It captures the history that matters today, stories of freedom fighters, suffragettes, the workers of Red Clydeside, and the hardship and protest of the treacherous Thatcher era. With riveting storytelling, Chris Bambery recounts the struggles for nationhood. He charts the lives of Scots who changed the world, as well as those who fought for the cause of ordinary people at home, from the poets Robbie Burns and Hugh MacDiarmid to campaigners such as John Maclean and Helen Crawford. This is a passionate cry for more than just independence but also for a nation based on social justice.

The Sleeper Project - James Pratt 2019-04-09
Can a veteran team of retired SAS soldiers, an antiquated oil tanker and a secret from the Dreamtime save the world from Russian domination?

[Private Investigations \(Bob Skinner series, Book 26\)](#) - Quintin Jardine 2016-05-05

Death is a hard habit to break... Private

Investigations is Quintin Jardine's twenty-sixth Bob Skinner mystery and sees the Edinburgh sleuth plunged into a gruelling case, in which no score will go unsettled. A thrilling mystery for fans of Ian Rankin and Peter James. Former Chief Constable Bob Skinner has uncovered his fair share of shocking crime scenes over his thirty-year career. But none could prepare him for the sight he finds stowed in the back of a stolen car that collides with his on the outskirts of Edinburgh. As his former colleagues investigate, Skinner takes on an unusual commission of his own. The body count rises, motives appear, the hunt goes global, and potential conflicts surface. In his new guise, is Skinner is on the side of the angels... or working against them? What readers are saying about Private Investigations: 'Brilliant read from first to last page' 'The plot has plenty of twists and turns... and with a new development in every chapter, it is extremely addictive' 'There is something for everyone in Private Investigations,

a complicated plot, an interesting protagonist, some serious points and humour'

Noah's Ark: Survivors - Harry Dayle
2013-08-02

May 1st: the Earth is scorched by a stray asteroid, wiping out almost all life. Almost, but not quite all. Three thousand souls aboard a cruise ship visiting the north pole are spared by a freak of nature. The ship's first officer, Jake Noah, was looking forward to getting back to dry land once and for all. But then the world ended, and now he finds himself reluctantly in charge of the last handful of survivors of the human race. The limited resources on board mean that just staying alive will be a struggle. With the threat of mutiny ever present, can Jake rise to the challenge and lead his crew and their passengers on a quest for safety, or will he take the easy option and leave anarchy and chaos to prevail? Survivors is the first book in the thrilling action / adventure series, Noah's Ark. Keywords: apocalypse, apocalyptic, post-

apocalyptic, sci-fi, science fiction, asteroid, end of the world, sea stories, sea adventures, cruise ship, action adventure, thriller, series, serial, saga, books about the apocalypse, last survivors, last humans, end of days

The Faslane Files: Volume Three - Harry Dayle

2015-12-11

As the Faslane community of end-of-the-world survivors enters its third month, thoughts and hopes turn towards the return of the questing fleet. But the base-dwellers' trials are not over yet. A new enemy emerges from within, threatening to destroy everything they have worked for. After tackling the evils of Level Four, and overcoming a major energy crisis, the underground outpost's citizens have hit their stride in their bid to build a viable society. But the challenges along the way have taken their toll on the production schedule. Jake Noah and his voyagers are expected back soon, so efforts must be redoubled. Not everyone is riding high on a wave of optimism. Hidden away from the others, Captain Wickham Grey awaits news that could change their destiny. And one among them is about to turn against the community. Faslane is about to meet its biggest challenge yet. The Faslane Files: Volume Three concludes the exciting trilogy set in the world of Noah's Ark.

The Devil's Breath - Harry Dayle 2018-11-13
Metropolitan Police Sergeant Xavier Baxter's life has just ended — and has just begun. Presumed dead by everyone who knows him, he's been involuntarily recruited into a secret government organisation calling itself The Attic. Now Xavier is part of a ground-breaking experiment into augmented intelligence. A crack team of geniuses have given him incredible mind-expanding abilities. But is he in control of his own head anymore? Before he has a chance to find out, The Attic throws him into an investigation, the likes of which he has never known. Someone inside MI6 is turning British agents over to the Russians, and Xavier must discover who. Time and a hidden enemy are against him as he races to prove his worth before The Attic ends its experiment — and

Xavier's life.

IOS App Distribution & Best Practices (First Edition) - Pietro Rea 2021-04-21

Sharing Apple Apps With Your Team, Testers & the World You'll learn how to sign up for Apple Developer Program, generate the various certificates needed, configure your app and submit an app to the App Store for approval, both manually and through automated processes through automated pipelines. You'll learn how to use Apple TestFlight to add internal and external testers and receive feedback and crash reports. iOS App Distribution starts with explaining

11/22

Downloaded from
blog.chateaugranville.com on by guest

hurdles everyone faces, such as code signing, provisioning profiles, and how to do manual releases. It'll then go into more advanced topics, including distribution through TestFlight, build customization, automation, and continuous integration. Who This Book Is For This book is for beginner to experienced developers who want to know the best and most common workflow to release an app to the App store, as well as limiting frustration by troubleshooting and debugging common issues and problems associated with distributing apps. Topics Covered in iOS App Distribution & Best Practices App Store quick start: Your quickest way from no account to the App Store. Provisioning, code signing & entitlements: In-depth explanation of what they are, why you need them, and how they work. Distribution channels & TestFlight: Learn different ways of distributing your app, within an enterprise, with internal or external testers. App Store Connect: Learn about the Apple review process, what are

the guidelines, what can go wrong and how to dispute them. Build customizations: Learn the ins and outs of configuring Xcode and build configurations. Build automation: Automate builds, build servers, and learn about tools such as fastlane. Continuous integration: Build your own CI pipeline to code, build, test, release, and repeat! After reading this book, you'll take your app build process and distribution to the next level, automate most of its tedious processes, and have an easier time debugging obscure app submission problem

How to Get Rich - Felix Dennis 2008-06-12

Felix Dennis is an expert at proving people wrong. Starting as a college dropout with no family money, he created a publishing empire, founded Maxim magazine, made himself one of the richest people in the UK, and had a blast in the process. How to Get Rich is different from any other book on the subject because Dennis isn't selling snake oil, investment tips, or motivational claptrap. He merely wants to help

people embrace entrepreneurship, and to share lessons he learned the hard way. He reveals, for example, why a regular paycheck is like crack cocaine; why great ideas are vastly overrated; and why "ownership isn't the important thing, it's the only thing."

The Millionaire Fastlane - MJ DeMarco

2011-01-04

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that

wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out

there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

SEC Docket - United States. Securities and Exchange Commission 1999

So Good They Can't Ignore You - Cal Newport
2012-09-18

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you

do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

Learning Swift - Jonathon Manning 2018-03-27
Get valuable hands-on experience with Swift, the open source programming language developed by Apple. With this practical guide, skilled programmers with little or no knowledge of Apple development will learn how to code with the latest version of Swift by developing a working iOS app from start to finish. You'll begin with Swift programming basics—including

guidelines for making your code "Swiftly"—and learn how to work with Xcode and its built-in Interface Builder. Then you'll dive step-by-step into building and customizing a basic app for taking, editing, and deleting selfies. You'll also tune and test the app for performance and manage the app's presence in the App Store. Divided into four parts, this book includes: Swift 4 basics: Learn Swift's basic building blocks and the features of object-oriented development Building the Selfiegram app: Build model objects and the UI for your selfie app and add location support, user settings, and notifications Polishing Selfiegram: Create a theme and support for sharing and add custom views, image overlays, and localization Beyond app development: Debug and performance test with Xcode, automate chores with Fastlane, and user-test the app with TestFlight

House of Commons - Defence Committee: The Defence Implications of Possible Independence - Volume I: HC 198 - Great Britain: Parliament:

House of Commons: Defence Committee
2013-09-27

In this report the Defence Committee says the information published so far by the Scottish Government on the defence and security implications of Scottish independence falls far short of requirements. The Committee also cannot currently judge the likely running costs of the proposed Scottish defence force, given the limited information it has so far received. The Committee is, however, unconvinced that the proposed budget of £2.5bn can support both the proposed Scottish defence force and the purchase of new equipment including fast jets and submarines. The report seeks answers to the following questions: how would a sovereign Scottish Government ensure the defence and security of an independent Scotland? For what purposes would Scottish armed forces be used? How would Scottish armed forces be structured and trained, and where would they be based? How much would it cost to equip, support and

train an independent Scotland's armed forces and how much of this could be procured and delivered domestically? And how many jobs in the defence sector would be placed at risk? The Committee also raises detailed questions about the proposed Scottish defence force: the numbers and types of aircraft and naval vessels which would be needed and how they would be procured and maintained; the numbers of combat troops the Scottish Government envisages (including its plan to re-instate historic Scottish regiments); and the availability of training facilities to maintain the appropriate professional standards. In the event of independence, the defence industry in Scotland would face a difficult future.

Dark Webb - Harry Dayle 2016-03-30

[The Big Book of Small Business](#) - Tom Gegax
2009-10-13

Your shoes are charred from stomping out brush fires. You have nightmares about

UFOs—Unreachable Financial Objectives. All-star interviewees turn into duds. Meetings cause more problems than they solve. The office is a ghost town at 5:01 p.m. Does this sound familiar? Tom Gegax knows what that is like. Years after running his Tires Plus franchise by the seat of his pants, blissfully unaware of how little he knew about getting the most out of people and managing a world-class organization, Tom was faced with a cancer diagnosis and a business at the brink of disaster. Resolved to change things around, he improved his mental clarity, health, and relationships and noticed that the more he profited on a personal level, the more his company profited. Tires Plus grew into a \$200 million business with 150 upscale locations. He had learned the first lesson in *Enlightened Leadership 101: Focus on the well-being of your employees and customers—as well as your own—and success will follow naturally.* In *The Big Book of Small Business*, Tom shares his hard-earned lessons on how to become an

enlightened, effective leader, and on how to do the small things right so the big decisions work. This all-in-one toolbox for small businesses is jammed with warm-hearted, tough-minded practices and street-smart tips, covering every aspect of a growing business: Starting, funding, and getting your new business off the ground Crafting a mission and growing a corporate culture that works Hiring the best people and maximizing their potential Communicating and negotiating with your employees, customers, and suppliers Creating processes for continuous innovation and growth Protecting your business from unforeseen dangers Planning for growth And much more . . . As thorough as a textbook and as lively as a news magazine, *The Big Book of Small Business* is the most comprehensive and practical book on how to take a small business to the next level, and an indispensable slingshot for the millions of scrappy Davids taking on corporate Goliaths.

React Native Cookbook - Jonathan Lebensold

2018-02-13

Tackling an app development project on multiple platforms is no simple task. When time is in short supply and customers need access from the tap of a home screen, React Native can provide a lean development team with the tools needed to deliver a multi-platform native experience without juggling multiple programming languages and shifting code bases. React Native is an emerging technology and best practices are only beginning to bubble up. Fortunately, a growing user community—from tech giants such as Facebook, Yahoo, and Airbnb to the independent developers—is hard at work codifying patterns and best practices for how to use React Native. This cookbook is another milestone on that journey. Aimed at people with some JavaScript and web development experience, the first part of this cookbook covers some simple tips for getting started with React Native. Part 2 will cover some emerging patterns that are commonly found in most native

applications.

Continuous Delivery for Mobile with fastlane - Doron Katz 2018-02-28

Learn continuous deployment and automation with code-signing, continuous testing, building, deploying, and releasing of your app. Key Features A practical guide on automating your mobile development pipeline with Fastlane, Jenkins, and Slack. Build, test, run and deploy your mobile application release with this end to end guide. Implement Continuous Integration, delivery, and deployment practices to optimize your application development workflow for faster and efficient release builds. Book Description Competitive mobile apps depend strongly on the development team's ability to deliver successful releases, consistently and often. Although continuous integration took a more mainstream priority among the development industry, companies are starting to realize the importance of continuity beyond integration and testing. This book starts off with

a brief introduction to fastlane—a robust command-line tool that enables iOS and Android developers to automate their releasing workflow. The book then explores and guides you through all of its features and utilities; it provides the reader a comprehensive understanding of the tool and how to implement them. Themes include setting up and managing your certificates and provisioning and push notification profiles; automating the creation of apps and managing the app metadata on iTunes Connect and the Apple Developer Portal; and building, distributing and publishing your apps to the App Store. You will also learn how to automate the generation of localized screenshots and mesh your continuous delivery workflow into a continuous integration workflow for a more robust setup. By the end of the book, you will gain substantial knowledge on delivering bug free, developer-independent, and stable application release cycle. What you will learn Harness the fastlane tools for the Continuous

Deployment strategy Integrate Continuous Deployment with existing Continuous Integration. Automate upload of screenshots across all device screen-sizes Manage push notifications, provisioning profiles, and code-signing certificates Orchestrate automated build and deployments of new versions of your app Regulate your TestFlight users and on-board new testers Who this book is for This book is intended for mobile developers who are keen on incorporating Continuous integration and deployment practices in their workflow.

FastLane - Thomas J. Misa 2016-01-15

The unique history and development of FastLane, the central nervous system of the National Science Foundation. Since 2000, the National Science Foundation has depended upon its pioneering FastLane e-government system to

manage grant applications, peer reviews, and reporting. In this behind-the-scenes account Thomas J. Misa and Jeffrey R. Yost examine how powerful forces of science and computing came together to create this influential grant-management system, assessing its impact on cutting-edge scientific research. Why did the NSF create FastLane, and how did it anticipate the development of web-based e-commerce? What technical challenges did the glitch-prone early system present? Did the switch to electronic grant proposals disadvantage universities with fewer resources? And how did the scientific community help shape FastLane? Foregrounding the experience of computer users, the book draws on hundreds of interviews with scientific researchers, sponsored project administrators, NSF staff, and software designers, developers, and managers.

Surge - Sloan Storm 2015-09-16

Dyson Vix. The bad boy of Formula One Racing. The first time I met him he was completely

naked, and he couldn't have cared less. The second time I saw Dyson, he just stood there, staring at me. His fire suit hung low on his waist, and his body was dripping in sweat, grease and... well, you get the idea. The ultimate playboy, there isn't a hairpin turn he can't handle or a woman he can't have. Dyson lives life like he drives - hard, determined, and like it might be his last day. We couldn't have been more different. After a family tragedy, I've been left to raise my nephew, Simon, all alone. Raising him has given me more joy than I could've imagined, but it came at a price. He is my entire world, and everything I do is with him in mind. I haven't had a date in months, instead focusing solely on him. Man troubles are the last thing we need, especially the kind reckless thrill seeker Dyson Vix would bring. But fate has other ideas. I've been thrust into his fast-paced world, and the more time I spend with him -- the more I see of the troubled man behind the roguish charm -- the more my resolve crumbles. Our

chemistry is undeniable but isn't without risk. Jealousy and threats to my home life mean I could lose everything I've worked so hard to protect. The stakes have never been higher. Will we make it, or are we destined to crash and burn? The Fastlane Series books are stand alone romance novels featuring unique lovers and happy endings. No cliffhangers! Surge is Dyson and Ava's story and is Book #1 in the Fastlane Series.

Technical Communication - Mike Markel
2009-02-03

Comprehensive and truly accessible, Technical Communication guides students through planning, drafting, and designing the documents that will matter in their professional lives. Known for his student-friendly voice and eye for technology trends, Mike Markel addresses the realities of the digital workplace through fresh samples and cases, practical writing advice, and a companion Web site — TechComm Web — that continues to set the standard with content

developed and maintained by the author. The text is also available in a convenient, affordable e-book format.

Noah's Ark: Contagion (Post Apocalyptic Sea Adventure) - Harry Dayle 2014-02-17

They narrowly escaped the end of world, but the real problems for the three thousand souls aboard cruise ship Spirit of Arcadia have only just begun. Now their priority is to find enough food to sustain the whole community; possibly the last humans alive. Captain Jake Noah has a plan, but there's barely time to put it into action before a new menace threatens the lives of everyone: a deadly virus. As the mutated contagion sweeps the ship, the race is on to create a cure before all succumb to a painful—and messy—demise. Contagion is the second book in the thrilling Noah's Ark series. Keywords: apocalypse, apocalyptic, post-apocalyptic, sci-fi, science fiction, virus, medical, medicine, contagious, mutation, sickness, end of the world, sea stories, sea adventures, cruise

ship, action adventure, thriller, series, serial,

saga, books about the apocalypse, last survivors,
last humans, end of days
