Soft Computing Applications and Techniques in Healthcare - Ashish Mishra 2020-10-10

This book provides insights into contemporary issues and challenges in soft computing applications and techniques in healthcare. It will be a useful guide to identify, categorise and assess the role of different soft computing techniques for disease, diagnosis and prediction due to technological advancements. The book explores applications in soft computing and covers empirical properties of artificial neural network (ANN), evolutionary computing, fuzzy logic and statistical techniques. It presents basic and advanced concepts to help beginners and industry professionals get up to speed on the latest developments in soft computing and healthcare systems. It incorporates the latest methodologies and challenges facing soft computing, examines descriptive, predictive and social network techniques and discusses analytics tools and their role in providing effective solutions for science and technology. The primary users for the book include researchers, academicians, postgraduate students, specialists and practitioners. Dr. Ashish Mishra is a professor in the Department of Computer Science and Engineering, Gyan Ganga Institute of Technology and Sciences, Jabalpur, Madhya Pradesh, India. He has contributed in organising the INSPIRE Science Internship Camp. He is a member of the Institute of Electrical and Electronics Engineers and is a life member of the Computer Society of India. His research interests include the Internet of Things, data mining, cloud computing, image processing and knowledge-based systems. He holds nine patents in Intellectual Property, India. He has authored four books in the areas of data mining, image processing and LaTeX. Dr. G. Suseendran is an assistant professor, Department of Information Technology, School of Computing Sciences, Vels Institute of Science, Technology & Advanced Studies (VISTAS), Chennai, Tamil Nadu, India. His research interests include ad-hoc networks, the Internet of Things, data mining, cloud computing, image processing, knowledge-based systems, and Web information exploration. He has published more than 75 research papers in various international journals such as Science Citation Index, Springer Book Chapter, Scopus, IEEE Access and UGC-referred journals. Prof. Trung-Nghia Phung is an associate professor and Head of Academic Affairs, Thai Nguyen University of Information and Communication Technology (ICTU). He has published more than 60 research papers. His main research interest lies in the field of speech, audio, and biomedical signal processing. He serves as a technical committee program member, track chair, session chair, and reviewer of many international conferences and journals. He was a co-Chair of the International Conference on Advances in Information and Communication Technology 2016 (ICTA 2016) and a Session Chair of the 4th International Conference on Information System Design and Intelligent Applications (INDIA 2017).

Advances in Biodiesel Production - R Luque 2012-02-22

Biodiesel is one of the main biofuels capable of substituting fossil fuel usage in compression ignition vehicles, and is used in a variety of fuel blends worldwide. First-generation biodiesel has been used in national markets for some time, with fuel quality standards in place for this purpose. There remain, however, several restrictions to sustainable and long term market development, which is influenced by many factors, including food vs. fuel pressures. The development of new generations of biodiesel, aimed at more sustainable and effective feedstock utilisation alongside improved production efficiency and fuel quality, is critical to the future both of this industry and of the continuing use of biodiesel fuels in

transportation. This book provides a timely reference on the advances in the development of biodiesel fuels, production processes and technologies. Part one reviews the life cycle sustainability assessment and socio-economic and environmental policy issues associated with advanced biodiesel production, as well as feedstocks and fuel quality standards. This coverage is extended in Part two, with chapters focussing on the development of methods and catalysts essential to the improvement and optimisation of biodiesel production processes and technologies. With its distinguished editors and international team of contributors, *Advances in biodiesel production* a standard reference for chemical, biochemical and industrial process engineers, as well as scientists and researchers in this important field. Provides a timely reference on the advances in the development of biodiesel fuels, production processes and technologies Reviews the life cycle sustainability assessment and socio-economic and environmental policy issues associated with advanced biodiesel production, as well as feedstocks and fuel quality standards Discusses the development of methods and catalysts essential to the improvement and optimisation of biodiesel production processes and technologies

How Slippery Is a Banana Peel? - Rebecca Donnelly 2021-01-19

Rebecca Donnelly's *How Slippery Is a Banana Peel?* is a picture book companion to *Cats Are a Liquid* celebrating the science and the slipperiness of banana peels—a perfect introduction to friction, featuring illustrations by Misa Saburi. Volcanoes roar, But banana peels race. Rockets soar, Like bananas through space. A group of kid-experimenters at a science fair explore the slipperiness of banana peels—a perfect introduction to scientific concepts! It's funny and STEM-inspired, with back matter on friction and a kitchen science experiment. These playful and mischievous banana peels will capture the imagination of readers.

John Deere: A History of the Tractor - Randy Leffingwell 2006

To farmers the world over, there's no tractor like a John Deere. The history of Deere's development of the farm tractor and its fight to be number one in the business is a fascinating tale - told here in complete detail through extensive research and interviews with the designers, engineers, dealers, and farms that made Deere famous. Author Randy Leffingwell traveled across the country photographing tractors from New England to California, bringing together hundreds of stunning color photos along with rare archival images. The full line of Deere tractors are presented, from early experimental models to the Waterloo Boy, the Model D, the Johnny Poppers, modern four- and six-cylinder models, and everything in between. Packed with colorful stories, anecdotes, and never-before-seen illustrations, *John Deere* is the ultimate tribute to the legendary American tractors.

Historical Dictionary of Ancient India - Kumkum Roy 2009

India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization.

Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.

The UK Pesticide Guide 2020 - Martin A. Lainsbury 2020

By far the biggest change to The UK Pesticide Guide in 2020 is the loss of a number of active ingredients that have been fundamental to many crop protection programmes. The final use-up of chlorothalonil formulations; propiconazole, fenpropimorph, chloridazon and diquat occurs in 2020 but there are also a few exciting new additions. Aclonifen is a new residual herbicide for use in potatoes that already has a number of EAMUs for use in minor crops. BASF is launching its new triazole, mefentrifluconazole, which promises to restore full triazole activity, at least initially. On the insecticide front the new active ingredient from Corteva agriscience, sulfoxaflor, is now listed for use in Cucurbitae and ornamentals under full protection for control of aphids and whitefly.

Internal Combustion Engines - Institution of Mechanical Engineers 2014-10-10

This book presents the papers from the Internal Combustion Engines: Performance, fuel economy and emissions held in London, UK. This popular international conference from the Institution of Mechanical Engineers provides a forum for IC engine experts looking closely at developments for personal transport applications, though many of the drivers of change apply to light and heavy duty, on and off highway, transport and other sectors. These are exciting times to be working in the IC engine field. With the move towards downsizing, advances in FIE and alternative fuels, new engine architectures and the introduction of Euro 6 in 2014, there are plenty of challenges. The aim remains to reduce both CO2 emissions and the dependence on oil-derivate fossil fuels whilst meeting the future, more stringent constraints on gaseous and particulate material emissions as set by EU, North American and Japanese regulations. How will technology developments enhance performance and shape the next generation of designs? The book introduces compression and internal combustion engines' applications, followed by chapters on the challenges faced

by alternative fuels and fuel delivery. The remaining chapters explore current improvements in combustion, pollution prevention strategies and data comparisons. presents the latest requirements and challenges for personal transport applications gives an insight into the technical advances and research going on in the IC Engines field provides the latest developments in compression and spark ignition engines for light and heavy-duty applications, automotive and other markets

Second Chance at Life - S. Johnson 2018-09-06

Madison, Emily, Katherine and I were all packing for our spring break in South Beach. We were almost ready to head to the airport when we decided to double check to make sure we have everything. "I feel like I'm missing something" I said to no one in particular. "Sabrina, calm down, let's go over your list of stuff to pack" Madison."Alright" I replied as I handed Madison my list. Madison and I went through my bag for the week to see if I missed anything. Eventually, we discovered that I missed my shampoo, conditioner, and sunblock. So, I ran back to my bathroom to grab the few things I missed before I made it back to the living room and through them in my suit case."I'm ready" I called out to the girls. "We are too" they said in unison.We walked out the door before Katherine locked the door. Once we climbed into the car my dad sent for us we buckled our seatbelts while the driver loaded our bags in the trunk. As soon as the driver loaded our bags into the car, he climbed into the driver seat and drove us to the airport. When we got to the drop off section of the airport the driver unloaded our bags from the trunk of the car as we climbed out. Madison, Emily, Katherine, and I walked into the airport to go get our tickets that my dad purchased for us. I talked to the lady behind the counter and told her our names to look up. "Yes, ma'am four first class tickets to Florida" the lady said."First class" I replied shocked."Yes, ma'am, I took the call personally. Your father said that his little girl was going on vacation with her friends and he wanted you to have the best flight experience possible""Well, thank you" I replied as I took the tickets then we left her to drop our suitcases in the baggage area then we went to find the gate for Florida. Once we found the gate we waited until our turn to board the plane. As soon as we boarded the plane and found first class we took our seats. While we were waiting for the plane to take off I texted my dad. Thanks for first class tickets, I love you daddyA few minutes later I got a response from dad.I'm very glad that you liked the surprise, I love you too sweetheartI then put my phone in my bag before I reclined my chair to sleep since this was a late flight we would arrive at the hotel first thing in the morning.A few hours later we landed in Florida so when we stepped off the plane we went to baggage claim. While, we waited for the bags to come through we talked about the upcoming week on the beach. After we got the bags we made it to the pick-up area where we saw a driver holding a sign that said "Washington and friends" so we walked up to him."Are you here to pick up Sabrina Washington" I asked?"Yes ma'am" the driver replied."Well, that's us" He led us to the car and opened the doors for us before he loaded our bags in the trunk. Then he climbed into the driver seat as I turned my phone on. Once we got to the Sierra hotel and resort we all climbed out of the car while the driver unloaded our bags. "Miss Washington, I was instructed to give you my number if you need a ride anywhere, please call me" the driver said. "Alright, so my father hired you as a driver or did he hire you as a driver and bodyguard" I replied which the driver nodded in response.Once my friends and I were settled in our suite. We decided to get ready to head to the beach. After we all got in our swimsuits. We all got their beach towels, chairs, and the beach umbrella. Then we headed out the suite door to get to the lobby. Madison, Emily, Katherine and I walked straight in front of the hotel to get close to the water. Then we found a nice place to set the umbrella up. When the umbrella and chairs were in position I moved my chair into the sun. So, I could lay down to try to get a tan.

Poetic Thoughts & Meditations for the Soul - Joy Osborne 2020-12-25

Life is full of challenges- no matter age, gender, religion, ethnicity, or occupation. Some days can be wonderful and rich with blue skies with rays of yellow, and in a single moment, dark clouds and stormy winds push you to the brink of despair! In those moments, we often find ourselves discouraged and in need of words that speak to the heart of the matter; and it is there that we get a glimpse of the smallest rays of hope, waiting to be put together like pieces of a fragmented puzzle. The question for us then becomes, wherein does this source of enlightenment stem? In this big little book, these simply penned words, steeped in hidden pathways, can have the ability to meet you where you are and change life's trajectory. No matter how deep the pit appears or how hot the fire burns, take comfort in knowing that this collection: Poetry Thoughts & Meditations for the Soul, are writings inspired just for you. One of the most powerful gifts we have is that of self-expression. So understanding how to build a practical and healthy sense of self does not end when we face adversity; it merely begins when we overcome it. Here a little, there a little, step by step! The creativity He inspires can become an integral part of our lives when we learn how to saturate ourselves in the Son-light. Your journey in the wilderness has been a tedious one. Won't you allow a force higher than yourself to sustain and refresh your soul? Come, eat, and drink from the fountain. I hope that within these pages, you find a breadth of depth in the infinite source you have never known before. On that foundation, that source will unleash within your inner self unconditional Love, Joy, Peace, and the Hope of a Lasting Legacy!

FCE Listening and speaking skills for the revised Cambridge FCE Examination 3 - Virginia Evans 1999

This series consists of three practice test books which provide systematic development of students' listening and speaking skills. It also offers excellent preparation for the revised Cambridge First Certificate Examination or any other examinations at the same level. Each book is divided into two parts: Part A consists of ten complete listening tests. The recordings are based on authentic listening material and make use of various accents and sound effects. Part B consists of ten speaking tests and covers a wide variety of topics such as holidays, entertainment, etc. Each Speaking Test is preceded by a Preparing for the Speaking Test section. In this section, students are familiarised with the essential language (vocabulary, useful expressions, discourse markers, etc) and ideas necessary for the test itself. Students are also trained to organise their speech coherently and to display an appropriate variety of linguistic resources. There are also two additional Speaking Tests at the end of each book to prepare students to meet the requirements of the exam.
