Nineteen Eighty-Four - George Orwell
2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by

Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the

ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Of all the women in the Bible, Hagar is my favorite one. Her story is found in Genesis 16. Most of us know little about this woman and the role she played, although countless sermons have been delivered about Abraham and Sarah. I believe the repression of this woman's story is a wrongdoing that I have intentionally determined to rectify in this

William Shakespeare - Victor Hugo 2022-05-28

William Shakespeare is an 1864 work by Victor Hugo, written in his 13th year of exile. The title is misleading; the true subject of the work is the writers that Hugo considered "the greatest geniuses of all time." When Hugo began writing it, he intended for it to be an introduction for a collection of French translations of Shakespeare's plays written by his son, François-Victor Hugo.

However, it grew to be approximately 300 pages in length, and Hugo had to write a separate introduction to the plays.
